

Simpra Insight

Business Reports On Your Mobile All The Time

Simpra Insight

Keep your business under control!

Simpra Insight makes real-time reports accessible for business owners and/or managers from their mobile devices.

Anytime

Instantly review data and reports about your business with a single click using the Simpra Insight application.

Anywhere

Access sales, payment type and product reports from anywhere with our mobile application.

Detailed Analysis

Easily view daily, weekly and monthly data as well as reports and analysis derived from these data.

Simpra Insight is free with Simpra POS.

Explore Simpra Insight's Detailed Reports

Sales Reports

Access daily, weekly and monthly reports with one click, and view the reports by entering the date range you want.

Payment Reports

Track different payment types used, total income, number of checks opened and payments received.

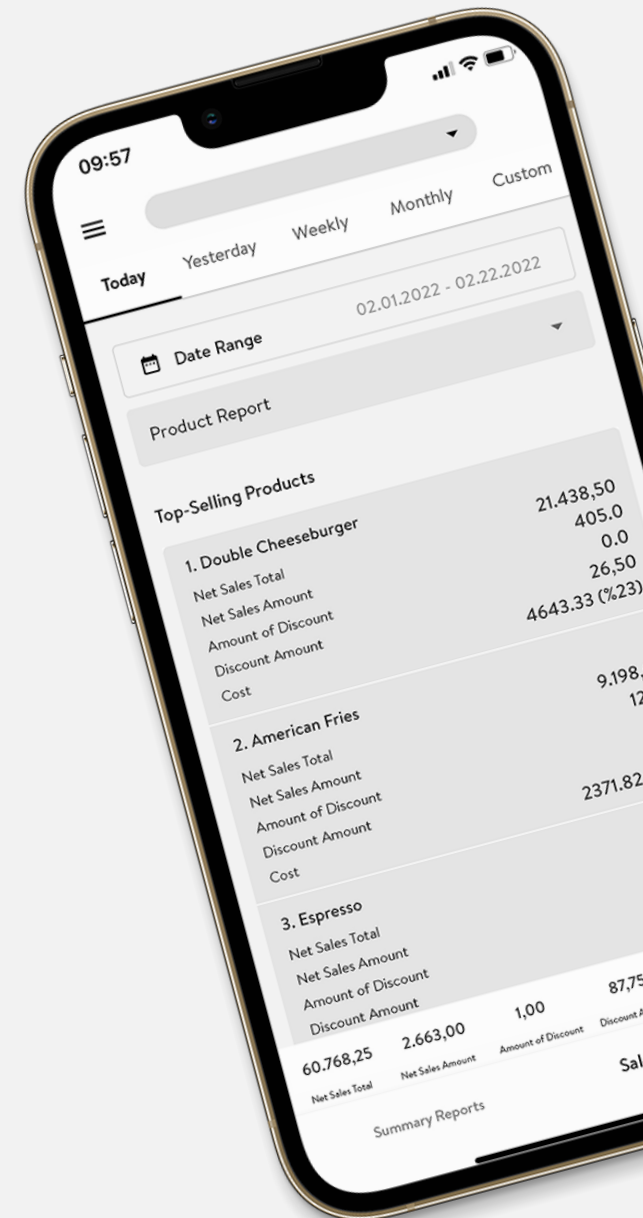

Product Reports

With the product reports feature, you can list your products as best sellers, net sales amounts, quantities and discounts.

Summary Reports

Thanks to the income center summary reports, you can easily view the income, account, bill, guest returns and cancellations.
